Body:

Hi [First Name],

You've been using the new employment superapp Swag for the past couple of months —but there are lots of features you may not be using. Because we use Employment Hero, you'll be able to experience these new perks. To help you get the most out of the app, we're sending through some helpful resources.

Swag is the new employment app where you can access your payslips, submit timesheets, request leave and view company updates. With Swag you can also gain access to Cashback offers with several large retailers, apply for internal opportunities and access exclusive discounts in the Swag Store. Make sure to visit the Benefits and Career tabs in the Swag app to find out more.
